## Tobey Drive This Weekend

STUDENT-ARTISTS LEND A HAND

This is the weekend of the Tobey Hospital Building Fund Drive in Mattapoisett! Giving a big assist have been some of the Old Hammondtown School art classes, whose posters are now to be seen around town. Most of them are well-executed straight forward reminders: "Please give to the Building Fund". Others are more dramatic, i.e. "Help! the Building Fund. Someday you! may need it". Or to stimulate your most pessimistic thoughts even further, "If you want to live, you'd better give!"

There are many ways to "Help!" Checks, cash, coins will be warmly accepted. Many people with a soft spot in their hearts for Tobey have found pledging various amounts over a period of time (decided by themselves) best suits their budget and their desire to "Help!"

The messages of the posters range from polite to clever pleas, (a voice from a bed saying, "Hey, Move Over.")...with the exception of one whose creator doesn't believe in beating about the bush: "Give to Tobey Hospital. They need MONEY." Tobey's thanks to all the students who wielded their brushes so thoughtfully in its behalf.

The reigning Miss Wareham 1972, Cindy Caradimos, will crown her successor on May 20th. She will be joined by many former Miss Warehams which is always a pleasurable moment in each year's pageant.

Eleven contestants are competing for this honor which includes three active personable young women from the Middleboro area. They are Kathleen Mary Anderson, 18, daughter of Mr. and Mrs. Paul T. Anderson, who will further her education at Bridgewater State College upon her graduation from Middleboro High School; Jennie Theresa Burke, 18, daughter of Mr. and Mrs. Camille J. ## Capeway Little League

Under a beautiful sunny sky the Capeway Little League opened their season this past Saturday with a round robin, with all nine teams displaying their talents.

Mattapoisett was the host town this year and the program was held at the Jay Lamborghini Field. Mr. Jack Meehan, the Mattapoisett commissioner, was master of ceremonies.

Each manager was introduced and in turn introduced each member of his team and also their coaches. The boys lined up along the foul lines, standing at attention while the Star Spangled Banner was played.

Floyd Empey, chairman of the Mattapoisett Sports and Athletic Committee, welcomed the parents and fans, and noted that after three years, the town of Marion has rejoined the league with four teams and once again making it a tri-town league.

Each town was represented by town officials: Mr. Joseph Zora, Marion Selectman; Mr. Gurney, Rochester; and Mr. John Field and Mr. Donald Linhares, Mattapoisett Selectmen. With Mr. Linhares and Mr. Gurney pitching, Mr. Zora catching and Mr. Field batting the season was formally opened.

The schedule of games for the week is as follows: Wednesday, May 17, Blues vs Reds, at Mattapoisett; Falcons vs Eagles at Marion; Thursday, May 18, Blues vs Royals at Mattapoisett; Cubs vs Jets at Marion; Greens vs Reds at Rochester; Monday, May 22nd, Jets vs Blues at Mattapoisett; Tuesday, May 23rd, Greens vs Falcons at Mattapoisett; Eagles vs Cubs at Marion; Royals vs Reds at Rochester.

# The Plymouth-Home rate reducing plan.

Our New Automatic Transfer System Can  
Reduce the Rate of Your Automobile Loan.

With the cost of cars—and living—going up, it's about time a bank reduced the cost of living it up!

One of the best features of our new Cash Control Account is an automatic transfer system that can pay your car loan every month right from your checking account. No fuss, waste of time, or even the expense of a stamp. (And stamps keep going up, too!) It also saves us time and money in the processing of your payments. That money we save is returned to you in the form of reduced rates. So turn your checking account into a Cash Control Account by having your loan payments made automatically.

Come into any of the Plymouth-Home offices throughout Plymouth County and ask how our "Rate Reducing Plan" can save you money on that new car or any installment loan. It'll be well worth the visit... and that's something you can count on.

## "Project Watchdog" Begins

Are you concerned about your school budget and the way your taxes are expended with regards to your schools? Are you concerned about the education of our children and the way in which it is planned? Are you interested in your School Committee, the administration and the way in which it functions?

This group is being formed for the purpose of working as a unit to voice our opinions to the School Committee and administration on the above categories. It is our aim to try to inform these people as to our feelings on various actions while they are in the process and not after the decisions have been made. There are many decisions made and topics discussed that we should all be aware of. It is up to us to inform the School Committee members (people we have elected to represent us) by letters, petitions, phone calls or by attendance at meetings of our desires.

Are you aware that at the present time the subject of hiring 2 full-time principals for the elementary schools is under discussion? Do you feel that the Town can afford this? Isn't it possible that perhaps by having a principal and an assistant principal that this could be worked out to the advantage of the schools at less cost to the taxpayers?

There are many of you with complaints and many are dissatisfied with the way things are being done. Let's get together, discuss these things and see if we can't work together to let these representatives know

what we want.

We would like to issue an invitation to all interested taxpayers and parents of this Town to come and learn about our school affairs. The meeting will be held on Monday, May 22nd, 1972, at 8:00 P.M. in the conference room upstairs in the Town Hall. It is our sincere aim to keep meetings at a minimum and hopefully if there are enough interested to try this, no one will be asked to give too much time to this project. We hope to see you at our meeting. Let's all work for the good of the schhols as well as the taxpayers.

## A Vote of Confidence

It is apparent that the latest escalation of the Vietnam war was a calculated risk that failed. The Communists, encouraged by organized disorder in the United States and the weakness of presidential candidates, mounted their massive offensive to send the United States out of Vietnam in abject defeat. The President has spoiled that plan. In spite of massive pressure and political consequences, he has taken the steps necessary to cut off supplies to the invading Communist arm. The only shame is that it wasn't done two administrations ago to protect the lives of our men when they were sent to Vietnam in great force.

We should get out of this war only because our leadership never had the will to win it. To be ejected in defeat, however, would encourage a massive Communist offensive and large scale war.

## Letters to the Editor

### LETTER TO THE EDITOR

Having the utmost respect and admiration  
 for the writer of last week's letter to the  
 editor, Mr. Allan H. Vaitses, I feel I would  
 be remiss in my purpose not to comment on  
 the harsh remarks leveled at a specific group  
 of citizens.

Mattapoisett is a small community, a lovely,  
 warm, hospitable, (I could go on forever)  
 place in which to live. Its very being what  
 it is makes it a prime target for develop-  
 ment. Our local contractors for the most  
 part have developed areas in keeping with  
 the tradition of the town and with the thought  
 of preserving its natural beauty. This type  
 of development is not due to good fortune,  
 but rather due to good planning.

The present small sub-division is not in  
 keeping with the standards or traditions of

Mattapoisett. In my opinion, it is a hap-  
 hazard method to make a fast dollar and  
 move on leaving the citizens and the unaware  
 buyer to accept or correct the misdoings.

I cannot accept the fact or the opinion  
 that any person who so desires to protect  
 his property and to make an honest decent  
 attempt to protect the property of others  
 can be considered to be "appalling, shame-  
 less snooping, vindictive or a meddling  
 trouble maker".

I am one of the "Pack snapping at the

heels" of this developer, not because I have any secret hatred or because I am maladjusted. This action against this developer was taken by a group of concerned citizens who in fact did retain an attorney to focus a well- aimed protest to our local officials. Our protest is based on facts that a violation of a Minimum State Public Health Requirement is present at the Mattapoissett Neck Road site. If this fact, based on its own merits, is indeed a valid fact, then the violation must be corrected, hence the violation will occur in another development in another area of our town.

This protest may suggest the need for a full time member to the Board of Health and full time inspectors in other departments related to development. It may provide that all percolation tests conducted in Mattapoissett will be conducted by our town engineer at the expense of the developer and therefore eliminate future controversy.

The term "Carpet bagger" should be directed at the contractor who would create a monster and leave its misgivings in the hands of the taxpayers rather than to a group of citizens who care about their property and will not sit back and wait for the other fellow to correct the situation.

In closing, I wish to commend the citizens who took the initiative to make this unhealthy situation known to this community and to thank the Board of Health for its action in stopping this development until the violations of the sanitary code are corrected. Action of this nature will, I'm sure, preserve Mattapoissett and keep it the BEST place to work and live.

other benefits, to an employee who is out trying to get a different job? Senator Margaret Chase Smith of Maine has filed S-J Res. 200, co-sponsored by other Senators of both parties, which would unseat Legislators if absent from roll calls 60% out or 200 consecutive yea and nay ones. When I was on the staff of the late Congressman Donald W. Nicholson of Wareham ("Billy Nick" to most of your readers), I recall how important he considered it was to maintain a perfect record on answering roll calls.

Senator Smith's record has been excellent over the years, even to being present for Senate filibuster ones, sometimes in the middle of the night. If voters write our Senators and Congressman, that they endorse S-J Res 200, it will help. She has received letters of commendation from Puerto Rico, District of Columbia and all of the States except Alaska.

### LETTER TO THE EDITOR

Yesterday I took a ride up to the High School to inspect the tennis courts because I am concerned about an item in the budget calling for \$44,000 to repair these courts and put them in usable condition.

Originally they cost \$18,000 which was

very high. This plus the \$44,000 means that the taxpayers of the towns have and will have spent \$62,000 for six courts. In my humble opinion \$11,000 is a great deal of money for one tennis court.

I can show you various courts in town which were put in by do it yourself help and they are in better condition than the ones at the High School which were designed by so-called experts. I fully realize it is easy to criticize, so the following is meant to be constructive comments on installing tennis courts which might have a longer life span than those which we are now not enjoying:

1) Don't put them in the same place. That area was the worst spot to use. It was originally and I think that it never will be any good.

2) Don't let engineers, architects, and other experts take care of the design supervision.

3) Do get the Lions Club as consultants. They put in the courts at the Center School and look how good they have stood up. I don't know how much they cost but I'm certain that it wasn't \$11,000 a court.

4) Look around the town at the private tennis courts that have been installed and find out from the owners how they did it because most of them are many years old and in very good condition.

Everyone in the towns are being plagued with increased taxes and everyday living

### An Open Letter TO THE TAXPAYERS OF MATTAPOISETT

At this writing the Mattapoisett School Committee, without the knowledge and approval of the majority of taxpayers, has appointed a full-time principal at Center School next year. This will give the town of Mattapoisett two full-time principals: Miss Aurich at Center School and Mr. Moynihan at Old Hammondtown. They will both be on full salary: Miss Aurich at approximately \$15,000.; Mr. Moynihan at approximately \$15,500. This action was also taken without any notification to or discussion with our present principal, Mr. Moynihan, who has been on sabbatical this year at Boston College.

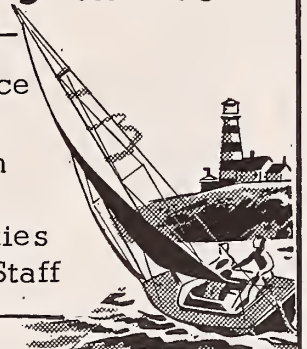

This costly appointment is unnecessary from a point of need. The senior and junior high with more than 1200 student, faculty etc. will be run with one principal and two assistant principals next year. Why then can't our two schools with 700 students and x number of faculty etc be just as well run with one principal and one assistant principal? Our superintendent and school committee thought enough of Mr. Moynihan's abilities as an administrator to invest taxpayer's money in his

### LETTER TO THE EDITOR

On re-reading my personally autographed book by Augustin G. Rudd entitled "Bending the Twig" - "The revolution in Education and its effect on our children" - the experimental school here in Marion came to my mind, inasmuch as it is called "The Bent Twig".

This tells the history of "progressive education" - which really started at Columbia - and many of the stock phrases would be very familiar to those of us who have listened to people who seem to wholeheartedly support that local school.

Let me name a few: A program "life-related" - "forward-looking", "growth-oriented" - and John Dewey's theories of freedom of discipline, self-expression and pupil selection of courses of instruction.

Dewey spread his theories through Columbia Teachers College and favored and taught the desirability of extending the kindergarten (Froebelian) idea to the elementary school and to the high school as well. He favored the dominance of the "whole child" in the classroom and advocated the theory of freedom of complete self-expression - with all restraint removed and no formal direction by a trained teacher toward good personal character.

Dewey taught that the teacher should follow the child, who, by his own personal inclination, would be directed toward the personal goals he should achieve by co-operation with others to bring about an ideal social democracy.

From what we hear and learn about The Bent Twig the aroma of this philosophy seems to prevail.

My question is - if these children are not disciplined NOW - what happens to them when they leave school and go out

## Sippican Seniors

Mr. Donald Flynn from the Social Security Office in New Bedford presented a movie and conducted a very informative question and answer period at the May 3rd meeting of the Sippican Seniors of Marion.

Brownies of Troop 167, under the direction of Mrs. William Beardsley, Mrs. William Thomas and Mrs. Edward Figueiredo, delighted the audience with a dramatization of Cinderella.

The Drop-In Center will be open during July and August without a host. Volunteers are needed for the balance of May and the entire month of June.

William Clough reported on the Meals on Wheels program. He also needs volunteers to deliver these meals. This service is available to those who are incapacitated or housed for any reason. They are the same meals served to the children at Sippican School and to the senior citizens who eat at the school, and are available every day that the school is in session.

A class in bead work, including necklaces, bracelets, belts and other related items will start on May 24th at the Drop-In Center. This will be taught by Miss Grace Hopkins.

Mrs. Harold Frye has offered to take charge of the Games Parties. These are held on the third Wednesday of each month at 1:30 P.M. in the Congregational Center. There is a 50¢ charge and anyone is welcome. Those who play whist are requested to bring a prize thus insuring a prize for everyone. ## Trip on The Agawam

"FINDING ONE'S SELF" ON A CANOE  
WILDERNESS TOUR OF THE AGAWAM RIVER

The expression "finding one's self" to me  
has always had overtones of saying nothing.  
However, I think this past weekend I have  
glimpsed at the meaning of this popular ex-  
pression and I believe the Cadets of Troop 49  
know what it means. If the expression means  
finding an undiscovered inner strength, both  
mental and physical through whatever means  
nature has to give, they have gained insight.

The Cadets, under the able leadership of  
Mrs. Ruth Walega and Mrs. Pauline Hen-  
shaw, with Mr. Donald Grace as "Wilder-  
ness Guide" went on a canoe trip down the  
Agawam River from Friday evening to Sunday  
noon, May 5, 6 and 7. There were seven  
canoes, ten girls, two leaders, one mother  
and Boy Scout leader.

Preparation for the trip however began  
weeks earlier, planning for food, shelter  
and most important the Cadets wish to thank  
Mr. Grace, Mr. Carl Nelson and Barry Den-  
ham for the hours of mapping the course and  
getting the necessary permission from property  
owners so that the girls might camp and trans-  
port the canoes. Also thanks goes to the  
people who generously loaned their canoes.

The winding course down the Agawam from  
head waters to Glen Charlie was, although  
grueling at times with five or six portages  
and strong head winds (25-30 mph), beauti-

ful. The river twists its way through cranberry bogs, virgin woodlands and natural and man made ponds. The wildlife observed was rewarding to see and hear. It ranged from a seemingly lifeless stream coming to life after dark, to frogs croaking at ear level, only to be outdone by a gurgling brook, a far off Whip-poor-will and a Wood Cock wooing a mate, to exclaiming about giant fresh water clams, seeing a wild duck protecting her young against intruders and the sheer joy of being able to paddle down a crystal clear river with the sun overhead much like the Indians must have done. All of these pleasant memories go into making a camping trip worthwhile and ease the discomfort of sore knees and aching muscles. Here was life at the core with harmony, balance and beauty.

The girls and adults, as stated before, found an inner physical and mental strength as we plugged for six and one half hours into head winds, with no lee shore, across

Over 240 Massachusetts Women's Clubs participated in this activity, formed originally sixteen years ago to vitalize communities through the encouragement of self-help programs, designed to stimulate federated women's clubs to analyze community needs and work with cooperating groups to meet those needs.

Mrs. Clarence Fountain, president, accepted the award at the luncheon ceremony. The club submitted its scrapbook and report of its efforts toward the completion of the community bandstand, and its continuing education and beautification programs. Mrs. Albert Furnans was president last year, and Mrs. Louis Corey, Jr. a member of the club, was secretary-treasurer of the bandstand committee which raised \$6000.

## Girls' State Delegates

### TO ATTEND GIRLS' STATE

Deborah L. Oliva and Paula L. Roberts, both juniors at Old Rochester Regional High School, have been selected on the basis of their leadership potential to be the school's representatives at the 28th annual Massachusetts Girls' State.

They will be among 250 other representatives from all parts of the state convening at Bridgewater State College, June 10-16, to participate in a week's study of local and state government.

At Girls' State, the representatives will establish and operate a miniature state government of their own making. They will form two political parties, hold conventions, nominate candidates for office, conduct campaigns and hold an election.

High state officials will also conduct lectures and seminars with the participants as an integral part of the program. Purpose of the week-long study is to help the girls gain a much better understanding of how American democracy functions. Since the program was inaugurated in 1945, more than 5,550 Massachusetts girls have participated.

Miss Oliva is the daughter of Mr. and Mrs. Girard Oliva of Jane Lane, Mattapoisett. Miss Roberts is the daughter of Mr. and Mrs. Llewellyn V. Roberts of 8 Mechanic Street, also Mattapoisett. Both Mr. Oliva and Mr. Roberts are faculty members at Old Rochester Regional High School.
